

# Premium CBD products

Powered by Kazmira

**KZ** **KAZMIRA™**  
THE CANNABINOID COMPANY

# Who is Kazmira?

- **Co-CEOs, Mr. Pulak Sharma & Dr. Priyanka Sharma**
  - Dr. Sharma has a Ph.D. in Chemical Engineering, from the University of Illinois at Chicago.
  - Mr. Sharma has a bachelor's degree in chemical engineering from Purdue University & a Masters in Business Administration from Indiana University Kelley School of Business.
  - The Sharmas have presented to the FDA, and are a trusted resource for the FDA to navigate regulation of the CBD industry

## What makes Kazmira CBD different?

- Kazmira's THC-free broad-spectrum CBD Oils are proudly made in the USA and stand out for their unparalleled purity and high CBD content.
- Our proprietary purification technology can remove THC and other undesired compounds from US grown Industrial Hemp while retaining the natural terpenes and broad-spectrum cannabinoids.
- At up to 90% CBD by weight, Kazmira's oils are free from THC, diluents, fillers and artificial ingredients.

# The leader of innovation in the CBD Industry

- Since 2017, Kazmira LLC has emerged as the industry leader in cannabinoid, recently securing a strategic \$50 million partnership with consumer self-care giant Perrigo
- In Watkins, CO, Kazmira's ISO-9001 certified 380,000 sq. ft., 100-acre facility has ample room for expansion
- Continuous process operation proven to operate safely
- Class 1, Division 1 explosion-proof infrastructure
